

Standardizing to BD Trays with Spring Wound Catheters for Their Economic Advantages and Leading Design Characteristics, Clinically

What BD Offers Your Potential Customers

Giving BD customers all the recognized clinical benefits of Spring Wound Catheters, plus a significant savings over competitors' trays

Economic advantage, two ways, when standardizing to BD trays

- First, estimated savings of up to 10% over Arrow trays containing the Arrow flex tip catheter
- Second, BD helps keep costs down for tray components:
 - BD manufactures essential components for BD trays AND competitor trays including Arrow

Clinical Value

- Market established benefits of spring wound style soft catheter*
