

BD Parata Perl™

Pouch Inspector

Complete your pouch packaging workflow with automated inspection that **alleviates time-consuming manual** verification while helping to increase accountability and accuracy.

BD Parata Perl™ gives the pharmacy team time to do more.

Make your workflow work for you

BD Parata Perl™ Pouch Inspector keeps up with your growing business with scalable add-on capabilities, high-definition inspection technology, and compatibility with BD Parata ATP™ pouches.

Highlighted Features

- BD Parata Perl™ inspects up to five pouches per second.
- Increase efficiency with two powerful, high-definition cameras that identify the contents of each pouch.
- The intelligent, web-based inspection application—accessible from any computer or mobile device in your network—identifies existing drugs and learns new ones quickly.
